

U R G E N T

Day of Action for Equal Pay: August 7 - 12 Noon

Masonic Centre, Sydney - Corner of Goulburn and Castlereagh Sts Sydney

To the Management and Staff

In just 18 months Community and Disability workers in Queensland will be earning between 18 and 37 percent more than workers in NSW. The Queensland Government has fully funded these increases. Workers and Organisations in Queensland, together with the government have won equal pay with the public sector.

The NSW Government has so far failed to deliver us pay rates comparable with the Queensland rates. We need to ACT NOW to rectify this situation and we need to know what your workplace/organisation is going to do. Only together can we make a difference.

Please take a few minutes to let us know what you are doing for the Day of Action. **Please fax back this form urgently to the ASU on 9698 8936.**

If you have already let us know about your attendance please forward this info sheet to people in your networks and encourage them to do the same.

For more information go to www.asumembers.org.au or call 02 9310 4000.
