

2 September 2009

We all know Burwood is changing with many staff having already moved in and more to come. The ASU, as part of that community, is working with members to provide the support, advice and representation you need on all issues at work.

As a welcome to all new members and a re-charge for all existing members make sure you get your ASU coffee card.

Members can enjoy the 10th coffee free at Willies Café which is right across the road on the corner of Elsie St and George St. Enjoy!

If you are an ASU member and have not received your card email Burwood@asu.org.au and we'll drop it out to you!

"The great thing about Burwood is that it's a community. You can go for a walk at lunchtime and walk past people mowing their lawns and there's a park close by."

That is what John Stevens, a local ASU delegate, says about Burwood.
