Dear Mr Bullen,

RE: Response to SCA letter

Thank you for your recent letter regarding the process that SCA are proposing for the resolution of the issues regarding the restructure and the finalisation of the Award. The ASU and APESMA members met recently and resolved to:

‘Accept the principles contained in the letter sent from SCA management and request that our new Award be implemented as soon as possible.’

As such we would like to proceed as swiftly as possible with the finalisation of the Award and will welcome continued discussion over the detail of the restructure proposal.

Yours Sincerely,
